STUDENT ESSAY:

Dear Hong Kong Government,

My name is Chris Wong, and I am writing to you today with grave concern about the proposed redevelopment plan that includes the demolition of my school, Sunny Bay Secondary. As a proud alumnus and a member of the local community, I implore you to reconsider this decision and find an alternative solution that will allow our school to remain standing.

Sunny Bay Secondary has been the heart and soul of our neighbourhood for over sixty years. It is not just a place of learning, but a cherished institution that has shaped the lives of countless students like myself. The school's rich history, iconic architecture, and tight-knit community have instilled a sense of pride and belonging that cannot be easily replaced.

Beyond its sentimental value, Sunny Bay Secondary plays a vital role in the educational and social fabric of our district. The school's diverse curriculum, extracurricular programs, and dedicated teachers have provided students from all backgrounds with the resources and support they need to thrive. Many of us have gone on to become successful professionals, civic leaders, and engaged citizens, in no small part due to the foundation laid by our school.

Tearing down this institution would not only rob the current student body of a precious learning environment, but it would also deprive future generations of the opportunity to experience the same transformative education that has benefited so many of us. The loss of Sunny Bay Secondary would leave a gaping hole in our community, one that would be next to impossible to fill.

I understand the government's desire to modernize and develop our city, but I firmly believe that this can be achieved without sacrificing the irreplaceable heritage and community assets that make our neighbourhoods vibrant and liveable. There must be alternative redevelopment plans that can preserve Sunny Bay Secondary while still accomplishing the broader goals of your initiative.

I implore you to reconsider this decision and work with the school community to find a solution that will allow Sunny Bay Secondary to continue serving students and residents for years to come. The school's legacy is too important to our community to be erased, and I am confident that with your support, we can discover a way to protect this invaluable institution.

Thank you for your time and consideration. I look forward to your response and the opportunity to discuss this matter further.

Yours sincerely,

Chris Wong
